That sounds like plenty. Thanks for your help.

Hi Nancy –There has been quite a number of filings in this case. I have attached a copy of the docket so you can see them all. Perhaps it may be most efficient for you to identify the document numbers you are looking for. Based on your previous email, I have identified document numbers 95 (amended complaint), 96-98 (EPA's motion to dismiss and associated filings), 104 (PLP's motion in opposition), 107 (EPA's reply), 108 (PLP's response), 109 (EPA's reply to PLP's response), 128 (Order granting in part and denying in part EPA's motion to dismiss). Please let me know if there are other "substantive pleadings" you are seeking by identifying the document number included in the document. Thanks very much. Heidi Nalven.

Subject: Re: FOIA request

The FOIA website is not working correctly and will not accept my submission. I have tried both by setting up an account and as a guest. So here it is via e-mail instead. I am submitting a request under the Freedom of Information Act. I would like to receive all substantive pleadings filed by the parties to the lawsuit filed by Pebble Limited Partnership against US EPA alleging violations of the Federal Advisory Committee Act. Specifically, I would like a copy of the complaint and any motions and memorandum concerning the allegations of violations of the FACA. I would also like to receive a copy of Judge Holland's ruling rejecting the government's motion to dismiss, which was issued approximately June 5, 2015. I have included below a link to a newspaper article that provides further background. Please let me know if you have questions about this request or would like to suggest that it be narrowed in any way. I am open to your suggestions. Otherwise, please attach the documents and e-mail them back or mail them to my home, 2611 Belle Crest Lane, Silver Spring MD 20906. Thanks

Hi Nancy – Folks here thought we should log this in as a FOIA request. In order to do that, we would ask that you create an account via FOIA online and submit a request. It's my understanding that once you make such a request we will be able to send the response to you via FOIA online. Here is the link: <https://foiaonline.regulations.gov/foia/action/public/home>

Thanks,

Heidi Nalven

This is from your former classmate at YLS and your former colleague at EPA. Feel free to treat this as a request for public documents under the FOIA if that is helpful. thanks

I would like you to send me copies of the public filings of a substantive nature in the Pebble Partnership case in which EPA just lost a motion to dismiss. I read about it in the paper. You can just send them without calling if you prefer. I thought a phone call might narrow the scope of what I'd like to see. I'd appreciate a copy of the judge's decision as well. My address is 2611 Belle Crest Lane, Silver Spring MD 20906. thanks
